"I finally acquired a job with a company whose attitudes towards individuals with alternative lifestyles (as well as towards employees in general) are healthy and respectful. I cannot tell you how much of a relief it was...I am already confident that I will continue to enjoy being a part of the company for a long time, something I have never come close to feeling before. Thank you so much for all that you do to help people like me find our way into rewarding careers!"

– **Alana Davis**
